

PRODUCT CATALOG · CROP PROTECTION

Tractor sprayers

Boom sprayers from 6 to 26 m, air-blast orchard sprayers from 200 to 2 000 L, tower and cannon sprayers, and hose-reel sprayers — for tractors from 15 to 100 hp, direct from the factory to your farm.

WHO WE ARE

Farm equipment, at the price it *actually* costs.

Built by farmers, for farmers. Andrivo sources farm infrastructure and equipment from international manufacturers, handles the entire import process, and delivers to your farm anywhere in Southern Africa.

Farmers usually pay for a chain of markups they never see — a factory, an export agent, an importer and a local distributor, each adding a margin nobody discloses. Andrivo removes that chain. Our only charge is a service fee on top of the true cost: 30%, or 25% with a referral code.

25%

fee with a referral code (30% without)

How every quote works

1**Factory direct**

We work directly with the manufacturer of every machine in this catalog — no middlemen.

2**Inspected before it ships**

Each order is checked against the factory spec sheet before it leaves the plant.

3**Shipping & customs handled**

Freight, duties, clearing and transport to your gate are all managed by us.

4**Parts & aftersales**

Spares in stock, and every machine logged to your farm under My Farm by Andrivo.

CONTENTS

What's in this catalog

Specifications are typical for each model; your Andrivo quote confirms the exact tank size, pump, nozzles and price. Match the sprayer to your tractor using the tractor-power row.

Boom sprayers

Mounted boom sprayers, 6–12 m	04
Hydraulic folding boom sprayers, 12–26 m	05

Air-blast sprayers

FXS mounted air-blast orchard sprayers	06
Compact and tower air-blast sprayers	07
FQS trailed air-blast sprayers, 600–2 000 L	08
Trailed tower sprayers and cannon mist sprayer	09

Hose-reel sprayers

Hose-reel and vertical-boom sprayers	10
--------------------------------------	-----------

Which sprayer for which crop?

Boom sprayer

Field crops, vegetables and pasture: maize, wheat, soya, potatoes and grazing. Sprays a flat band across the land.

Air-blast sprayer

Orchards and vineyards: citrus, apples, pears, stone fruit, nuts and grapes. A fan carries the spray into the canopy.

Hose-reel sprayer

Spot spraying, steep or wet ground, greenhouses, tunnels, and weeds around buildings and fences.

BOOM SPRAYERS

Mounted boom sprayers, 6–12 m

Three-point mounted sprayers with 300–800 L tanks and manually folded booms, for vegetables, maize, wheat and pasture on smaller tractors from 35 hp.

BOOM SPRAYERS

Hydraulic folding boom sprayers, 12–26 m

Wide booms that fold and lift hydraulically from the tractor seat, with boom balance and shock absorption for an even spray at speed. Mounted models carry 600–1 600 L; the trailed PQL carries 3 000 L.

AIR-BLAST SPRAYERS

FXS mounted air-blast orchard sprayers

A fan blows the spray deep into the canopy of citrus, apple, pear, stone fruit, macadamia and vineyards, reaching 10 m and more. Three-point mounted, 300–800 L.

- Diaphragm pump
 - Anti-drip brass double nozzles
 - Hand-washing tank (10 or 15 L)
 - Circuit-rinsing tank (40 or 80 L)
 - Transparent tank level gauge
 - Suction filter with check valve
 - Hydraulic liquid stirrer
 - Control unit with pressure regulator
 - Clutch on the fan gearbox
 - Hot-dip galvanised frame

AIR-BLAST SPRAYERS

Compact and tower air-blast sprayers

The compact 200 L FXD and FXL5B suit small tractors from 25 hp in narrow rows. The FXL7B tower sprayers direct air through a 1.8 m side duct for tall trees, trellised fruit and vineyards.

AIR-BLAST SPRAYERS

Trailed tower sprayers and cannon mist sprayer

FQL7B trailed sprayers pair a 1 000 or 2 000 L tank with a tower duct for tall trees. The FT450 cannon sprayer throws mist 50 m and more, for tall plantations, windbreaks and forestry.

Model	FQL7B/1000	FQL7B/2000	FT450/2000

Size L×W×H (cm)	236×137×197.5	349×152×222	453×152×343

HOSE-REEL SPRAYERS

Hose-reel and vertical-boom sprayers

Mounted tanks with a long hose on a reel for spot spraying, steep ground, greenhouses and around buildings, plus the XGT12 with two 1.2 m vertical booms for spraying rows from the side.
