

LINE FIT

Washing

Drying

Inspection

Grading

Packing

Reinforced handling improves transfer stability for grapefruit, pomelo, and coconut. Washing, drying, inspection, grading, and packing sections can be matched to larger-fruit conveying needs.

Heavy Fruit Solutions

Stable conveying and grading for larger fruit.

- Reinforced conveyors and transfer points improve stability for heavier produce.
- Washing, drying, inspection, and grading modules can be combined by crop and capacity.
- Packing outlets can be matched to carton, crate, or bulk handling requirements.

APPLICATIONS

Grapefruit / Pomelo / Coconut

LINE ADVANTAGES

- Strong conveying structure
- Adjustable grading options
- Crop-specific layout design
- Stable operation for heavy fruit
