

CONTENTS

What's in this catalog

Every table lists standby and prime power in kVA and kW, the engine model, fuel use and the open and silent sizes. The model code in the first column is the factory code; quote it when you ask for a price. Your Andrivo quote confirms the exact build, canopy and alternator.

Diesel generator sets

Cummins, 50 and 60 Hz	04
Perkins, 50 and 60 Hz	06
Volvo Penta	08
